ICT Information Day & Brokerage Event 2009 Brno, Czech Republic, 29 – 30 April 2009

Partnering – our way to a research future – come and join us!

Masaryk University, Brno University of Technology, South Moravian Innovation Centre, Regional Chamber of Commerce Brno, Transport Research Centre and FIRST Innovation Park organize in collaboration with the European Commission, DG INFSO, and invited EU project coordinators, partnering event in the field of Information and Communication Technologies of the 7th Framework Programme (ICT, FP7). ICT Information Day & BrokerageEvent 2009 is an accompanying event of the conference Research Connection 2009.

The event, which is one of the outcomes of the Regional Innovation Strategy of South Moravian Region (RIS JMK 3), will be held in Brno, the second largest city of the Czech Republic and a strong base of research and innovation planning huge investments into top class infrastructure in the field of ICT. The brokerage event will be accompanied by information day on the following challenges of the ICT Work Programme 2009:

- » Pervasive and Trustworthy Network and Service Infrastructure
- » Cognitive Systems, Interaction, Robotics
- » Components, Systems, Engineering
- » Digital Libraries and Content
- » Towards Sustainable and Personalised Healthcare
- » ICT for Independent Living, Inclusion & Participatory Governance

For active participation in this event, participants should fill out their profile with respect to the above mentioned challenges of 5th and 6th calls and, if relevant, a brief description of their EU project theme. The aim of the partnering event is to foster international collaboration in EU research projects and to contribute to synergies between Structural Funds and FP7 funding.
